

ZENAB WAQI

Dallas, Texas 469-766-1216 zeevaki@gmail.com linkedin.com/in/zenab-waqi github.com/zeevaki

PROFESSIONAL SUMMARY

Analytical and detail-oriented **Frontend Web Developer** with a foundational background in Information Technology and advanced expertise in mathematical logic and instructional design. Proven track record of building user-centric applications, managing technical deployments, and scaling digital communities to over 80,000 active followers. Adept at breaking down complex architectures, writing clean code, and collaborating across diverse teams. Seeking a remote Frontend Developer position to leverage strong problem-solving capabilities and modern web technologies.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Node.js

Databases & Tools: Firebase/Firestore, Git, GitHub, VS Code

Core Competencies: Frontend Web Development, UI/UX Design Optimization, Responsive Design, Agile Methodologies

TECHNICAL PROJECTS

Skinstric

skinstric-rouge.vercel.app

React, Next.js, CSS, AI Integration

- Built an AI-powered skincare personalization platform that analyzes individual skin needs and generates tailored routines.
- Designed an interactive guided assessment flow with a polished, responsive UI optimized for cross-device compatibility.

Summarist

summerbooks.vercel.app

React, Next.js, CSS

- Developed a book summary platform allowing users to read or listen to condensed versions of popular titles.
- Integrated personalized book recommendations and audio briefcasts with a clean, accessible reading interface.

Ultraverse

zenab-internship-vwo5.vercel.app

React, Next.js, CSS

- Designed and deployed a modern NFT marketplace featuring trending collections and top creator profiles.
- Implemented a fully responsive layout with smooth navigation and an intuitive browsing experience.

Library

react-library-blush.vercel.app

React, JavaScript, CSS

- Built a React-powered digital library application for browsing and organizing book collections.
- Focused on clean component architecture and a fully responsive, user-friendly interface.

Urdu Poetry

urdu-poetry-nu.vercel.app

React, JavaScript, CSS

- Created a digital platform preserving and showcasing Urdu literary and musical heritage including poetry, ghazals, and qawalis.
- Delivered an elegant, content-rich interface optimized for readability and cultural engagement.

PROFESSIONAL EXPERIENCE

Elementary School Mathematics Educator (5th Grade)

02/2022 – Present

Dallas Independent School District — Dallas, Texas

- Programmed and deployed interactive, web-based gamified mathematics modules to supplement core curriculum, driving up student engagement metrics.
- Utilized data-driven assessment strategies to analyze performance metrics and tailor learning pathways based on individual data trends.
- Successfully secured external crowd-sourced funding via DonorsChoose to procure critical STEM learning manipulatives and logic-building tools.

After-School & Summer School Coordinator

09/2024 – 06/2025

Dallas Independent School District — Dallas, Texas

- Managed end-to-end program logistics, operational workflows, and stakeholder communication for regional STEM experiential learning events.
- Coordinated schedules, technical resource allocation, and curriculum deployment across multiple concurrent instructional paths.

QA Lead

2013 (7 months)

CureMD — International Healthcare Software House

- Led quality assurance processes for a reputable international healthcare software company, overseeing end-to-end testing of enterprise-level applications.
- Coordinated with cross-functional development teams to identify, document, and resolve software defects, ensuring high product quality standards.
- Developed and executed comprehensive test plans, test cases, and regression suites across multiple concurrent software releases.

High School Math Teacher

09/2006 – 08/2007

Saudia Academy — Dallas, Texas

- Instructed advanced algebraic structures, geometric logic, and computational problem-solving frameworks.
- Collaborated with a multidisciplinary peer team to align curriculum standards and design structured data-driven assessment metrics.

Digital Content Creator & Community Manager

Ongoing

Instagram & Facebook

- Built and independently manage cross-platform online communities scaling to 80,000+ followers focused on cultural literature and lifestyle.
- Analyze platform metrics, audience engagement data, and algorithmic trends to optimize content delivery and user retention.
